

Pre-HKDSE result release day self assessment form

Know Yourself, Plan Ahead

There are a lot of crossroads in our lives, at which we must make choices which subsequently steer us to a new direction. When we were small, our parents made those tough decisions for us (e.g. which kindergarten, primary school or secondary school we studied in.) Now, upon graduating from secondary school, it is **your turn** to make a decision for your future.

Review your performance in the HKDSE objectively. Ask yourself:

What post-secondary programs or vocational training (discipline + institution) will I enrol for...

✧ *if my results are similar to your expectation?*

✧ *if my results are better than your expectation?*

✧ *if my results are far from your expectation?*

Or will I try out something ground-breaking for my future?

Plan ahead seriously. Write down your action plans in the following table.

(Be as detailed as possible – put down the specific requirements of a program, its admission score formula, previous admission grades, etc - under the dotted line in each box.)

Name: _____ Class: _____ Date: _____

Result in school mock exam: Chi ___, Eng ___, Math ___, LS ___, ___, ___, ___, ___
